*Go Paperless & Cut Down on the Shredding!*

Please remember you can do your part to help save some trees by signing up for e-statements through our secure on-line virtual branch at [www.newcu.org](http://www.newcu.org). But if you still find you have some sensitive materials to shred, this is your annual opportunity to bring it to your credit union.

On Thursday and Friday, **April 26th and 27th** from 9 am- 4pm members and the public are invited to bring in paperwork to be shredded. **Please limit amount to 20# or less.**

*We Care About Our Youth!*

April is National Credit Union Youth Month. \*Celebrate with us! This year's theme is "**Learn ...The Science of Saving!**"

Stop in our lobby and participate in the coloring contest. Coloring sheets can also be found at [www.newcu.org](http://www.newcu.org). During the celebration a complimentary gift will be given to young members who make a savings deposit.

Our youth is our future, so we want to be available to make sure our youth have good savings habits established and the knowledge to have financial success in their futures.

This is why we are active in the area schools, by maintaining 3 high school student credit unions, continuing many informative in-class presentations and participating in several "Reality Store" events. We also provide financial literacy materials to our area educators to use. As part of serving young members of the credit union, financial educational materials are made available in the credit union lobbies, and youth are sent cards on their birthdays which they can exchange for a gift.

Members 19 years and younger can start their share certificates with a minimum balance of \$250 and receive the same rates as adults. With proper identification youth can start their membership on their own at age 16, or with a parent or guardian right after their birth.
